Ströndin Internet Radio is pleased to announce its tenth program in the series. We're calling this particular Christmas season show – *Yule*. You are in for a real treat with this program. The audio quality has been increased to more clearly render the great music in the show.

### **Show Line up:**

- Item 1 – Our show host **Gus** talks about the two overlapping Yuletide months found in the Old Icelandic Calendar: Ýlir & Mörsugur
  
- Item 2 – **Lindy** Vopnfjord – Singer/Songwriter is featured with four of his latest songs on his new CD now available in music stores across Canada. He is interviewed in White Rock by our show's producer, Robert Asgeirsson. They talk about his early years in music, current life on the road, life on stage and his inner workings as a performer. We are pleased to say that Lindy reveals a positive and determined mind set focused on making significant advances in his career in the next five years.
  
- Item 3 - **The Jólasveinar** – Gus gives us a short history lesson about their monstrous parents, Grýla & Leppalúði and then goes on to name each of the most popular lads, as well as a description of the mischief they bring.

We hope that you enjoy this special 45 minute Yuletide show.
